

TDS850NV

SATELLITE HD PERSONAL VIDEO RECORDER FOR VIASAT

General Specification

CUTTING EDGE HD PVR TECHNOLOGY FOR THE HOME

Chosen by Viasat to launch its high definition personal video recorder service across the Nordic countries, the TDS850NV represents the next stage in HD set-top box technology.

The TDS850NV comes with H.264 compression and dual tuners to enable the user to watch one channel while recording another or record two channels while watching stored content.

The 250Gb hard drive allows up to 60 hours of HD – or 120 hours of standard definition content to be stored.

HDCP is used for secure transfer of digital signals to the display via HDMI.

SUMMARY:

- Launched Viasat's HD PVR service in the Nordic countries
- High definition H.264 personal video recorder
- Dual DVB-S2 tuners
- 250Gb hard drive for 60-120 hours of stored content
- Watch one channel and record another
- Record two and watch one stored programme

SOFTWARE:

- NDS MediaHighway Middleware
- Multi language User Interface for Nordic countries
- Software download via Satellite into FLASH memory supported

CONNECTIVITY:

- RF Inputs (IEC169-24 F-type, female)
- HDMI with HDCP
- TV SCART (IEC60807-9)
- VCR SCART (IEC60807-9)
- Mains Input (IEC60320)
- Telephone Line Socket (RJ11)
- USB 2.0 (Type A)
- Ethernet (RJ45 Female)
- Analogue Audio (RCA Phono/Cinch)
- Optical SPDIF (TOSLINK)
- S-Video Connector (Mini-DIN)

TECHNICAL SPECIFICATION:

- SatCR support
- Two DVB-S2 tuners
- Dolby Digital plus
- Dolby Digital 5.1 down-mix processing and digital audio output
- 576i, 720p, 1080i
- MPEG-2 MP@ML, MPEG-2 MP@HL
- MPEG-4 AVC/H.264 HP@L4.0
- AC3 (Dolby Digital Stereo), MPEG-4 (AAC-HE)
- Audio MPEG-1 layers 1 and 2
- Macrovision copy protection

MEMORY:

- 256MB SDRAM
- 36MB FLASH
- 250Gb Hard Disk Drive

POWER:

- Mains supply voltage 195-265V, 50-60Hz
- Consumption <30W typical including LNB control

MECHANICAL:

- Dimensions 389mm x 277mm x 60mm
- Weight <3kg
